

PRACTITIONER AND TRADE DISCOUNTS

If your profession is dealing with health, body cleansing and metal detox and you are searching for the best heavy metal detox products available, Heavy Metal Detox (HMD™) is the perfect solution.

Our unique product is one of the world's only 100% natural Heavy Metal Detox formulas that has been scientifically proven to work by Dr George Georgiou, Ph.D., N.D.,D.Sc (AM), the inventor. HMD™ is the result of a 3-year, double blind, placebo controlled study with 350 people using hair, urine and faeces pre-post samples. The cost of the research was over \$1 million and is unique in the world of natural heavy metal chelators.

Heavy Metal Detox's is the scientifically tested way to cleanse your body and eliminate toxic heavy metals – there are many detox products on the market, but none have undergone the “Gold Standard” research that HMD™ has gone through. Unlike many synthetic, chemical chelators used in medicine today, HMD™ is gentle and does not compromise detox organs and it does not flush out essential minerals from the body.

In order to support the detoxification organs of the body, we have also formulated a special herbal drainage remedy called HMD™ LAVAGE. This natural formula opens-up your detoxification organs, therefore ensuring that your body is able to eliminate toxins faster and more efficiently. In addition, our product range also comprises our 100% natural ORGANIC CHLORELLA, that can also help to eliminate PCB's, dioxin and clears toxic metals from the gut and the mesenchyme.

We encourage the use of all three products together in what is known as the HMD ULTIMATE DETOX PACK. This PACK will help overall health and optimize immunity, cell functioning and many metabolic pathways of the body. HMD™ will help you to look and feel younger as it halts the free radical damage typically caused by toxic heavy metals while encouraging DNA rejuvenation.

If you are interested in setting up an account with us, please send us an email to info@detoxmetals.com We will be happy to help you pass on the health benefits to your clients, while achieving abundance and good health yourselves.
